Ordering Information

Zyno Solutions

Zyno Solutions is a trusted provider of intelligent infusion systems for the alternate care market. We provide industry leading products where there is a need for durable and advanced technology infusion systems.

The technologies that we offer provide the highest quality of care and patient safety along with our superior service and support. Our goal is to provide infusion system designed specifically for the infusion needs of our customers.

Preventative Maintenance

Customer is responsible for annual preventive maintenance procedures as required by the manufacturer. Zyno Solutions cannot assure safe use of the infusion pump if the customer fails to follow such procedures.

Administration Sets

Only manufacturer tubing is tested and calibrated for its products.
